Keysight Technologies Foreign Object Damage (FOD) Prevention Policy

Keysight Technologies, Inc. is committed to the prevention, detection, and removal of foreign objects from our products, systems, and solutions. To achieve this, we will:

1. Promote awareness and provide employee training on FOD prevention.
2. Maintain suitable processes to detect and remove Foreign Objects throughout Manufacturing and Logistics processes and Service operations.
3. Investigate FOD incidents and ensure resolution to prevent recurrence.

This policy applies to all Keysight's manufacturing, logistics, service and repair facilities.

Rick Chapman
Keysight Customer Experience & Quality Director
Keysight Technologies, Inc.

This policy is approved by Keysight's executive management and applies to Keysight operations worldwide.
